

SVR

Stop Voting Republican

The Ambassador's Conversation Guide

Everything you need to talk to anyone about any issue.

SVR-United.com

WHAT IS SVR?

The idea behind the movement

SVR stands for **Stop Voting Republican**. It is not a party. It is not a candidate. It is a single, unified call to action built on one observation: whatever issue you care about most — school shootings, healthcare costs, the climate crisis, money in politics, economic inequality, voting rights, rural America, immigration, or the economy — Republican votes have made it worse and blocked every serious attempt to fix it.

SVR is a **conversation movement**. The idea is simple: when enough people stop voting Republican across all offices and all elections, we prove that voters can act together to demand change. Visit [SVR-United.com](https://svr-United.com) for the full story on every issue.

THE THREE DEMANDS

What SVR is fighting for

1.

Get money out of politics.

Full disclosure. Public campaign financing. Citizens United overturned. Billionaires and corporations have bought our government. It ends now.

2.

Term limits for Congress. Reform the Supreme Court.

Career politicians who never face real accountability are not democracy. Lifetime Supreme Court appointments are not democracy. Power returns to the people.

3. Real gun laws. Now.

Universal background checks. Red flag laws. Age limits on military-style weapons. 90% of Americans support these. They have been blocked for decades. No more.

HOW TO USE THIS GUIDE

Your ambassador toolkit

1 Start with their concern

Never lead with SVR. Ask what they worry about. Let them tell you their issue first.

2 Meet them where they are

Use the issue cheat sheets in this guide to connect their concern to Republican votes.

3 Let SVR be the answer

After the facts land, introduce SVR. Not as an attack — as a solution.

4 Handle pushback calmly

Use the ready responses in this guide. Stay factual. Never get angry.

5 End with a simple ask

Don't ask them to become a Democrat. Ask them to stop voting Republican. Send them to SVR-United.com.

Key principle

You are not trying to win an argument. You are trying to plant a seed. A good SVR conversation ends with the other person thinking — not defending. If they're still talking, you're winning.

THE OPENING

How to start any SVR conversation

The best SVR conversations start with a question, not a statement. You are not telling people what to think. You are asking them what they already feel.

THE STARTER QUESTION

"What's your biggest concern right now — for your family, your community, the country?"

Then listen. Whatever they say — guns, healthcare, jobs, inflation, immigration, the economy — you have an answer. Use the issue cheat sheets on the following pages.

IF THEY SAY THEY'RE NOT WORRIED ABOUT ANYTHING

THEY SAY:

"I don't really follow politics. Things seem fine to me."

YOU SAY:

That's actually the goal of SVR — to reach people who aren't political. Let me ask you this: do you have kids in school? Do you worry about the cost of a hospital visit? Do you feel like you're getting ahead, or just keeping up? Most people have a concern. They just don't always connect it to who they vote for.

THE SVR REVEAL

After they share their concern

Once they've told you what they care about, walk through the facts for that issue (use the cheat sheets). Then bring it home:

"Here's the thing — whatever you're worried about, there's one answer. SVR. Stop Voting Republican. Not because Republicans are evil people. But because their votes have made your concern worse, every single time. Go to SVR-United.com — read the page on your issue. Plain language, real votes, real facts."

ISSUE 01

GUN VIOLENCE CHEAT SHEET

Your kid shouldn't have to practice dying.

330

School shootings in
2024

#1

Guns: leading cause
of death for kids

92%

Americans support
background checks

0

Republican votes for
background checks

WHAT REPUBLICANS DID

202 House Republicans voted against background checks. 201 voted against red flag laws. 34 Senate Republicans blocked gun safety after Uvalde. In 2025 they introduced 26 bills to loosen gun laws.

STRONGEST LINE

"90% of Americans support background checks. It has been blocked every single time. The only thing standing between that law and your kid is Republican votes."

HANDLING PUSHBACK**THEY SAY:**

"It's a mental health problem, not a gun problem."

YOU SAY:

Agreed — but we have mental illness in every country. We're the only one with this many shootings. And Republicans voted against \$2.35 billion in school mental health funding in the gun safety bill.

THEY SAY:

"Gun laws don't stop criminals."

YOU SAY:

Most school shooters aren't career criminals. They're troubled young people who got access to a gun. Background checks and red flag laws catch people before they become criminals.

ISSUE 02

HEALTHCARE CHEAT SHEET

You shouldn't go bankrupt because you got sick.

66.5%

Bankruptcies caused
by medical bills

530K

Families bankrupt from
healthcare/year

\$220B

Medical debt owed by
Americans

0

Republican votes for
the ACA

WHAT REPUBLICANS DID

Zero Republicans voted for the ACA. They tried to repeal it 60+ times. In 2025 they are cutting Medicaid for an estimated 20 million people.

STRONGEST LINE

"530,000 American families go bankrupt from medical bills every year. That number is zero in France, Germany, Canada, and Australia. This is a policy choice — and Republicans keep making it."

HANDLING PUSHBACK**THEY SAY:**

"We can't afford universal healthcare."

YOU SAY:

We already pay more per person than any country with universal care. We'd spend less overall by cutting out insurance company middlemen.

THEY SAY:

"I don't want the government controlling my healthcare."

YOU SAY:

Right now a corporation whose job is to make money by denying your claims controls it. At least the government answers to voters.

ISSUE 03

CLIMATE CRISIS CHEAT SHEET

The floods, the fires, the storms — they're not bad luck.

27

Billion-dollar disasters
in the US in 2024

\$182B

Total US disaster cost
in 2024

\$149B

Average annual cost
2020–2024

2x

Trump withdrew from
Paris Accord

WHAT REPUBLICANS DID

Trump withdrew from Paris twice — with 22 Republican senators encouraging him. 194 of 197 House Republicans voted against staying. Republicans shut down NOAA disaster tracking in 2025.

STRONGEST LINE

"Disaster costs have quadrupled since the 1980s. Insurance companies are pulling out of entire states. Republicans' answer is to withdraw from climate agreements and eliminate the damage tracking database."

HANDLING PUSHBACK

THEY SAY:

"Climate has always changed. This is natural."

YOU SAY:

Natural change happens over thousands of years. This is happening over decades. Insurance companies aren't pulling out of Florida because they think it's a hoax.

THEY SAY:

"Why sacrifice our economy when China isn't doing anything?"

YOU SAY:

China is the world's largest investor in clean energy. Republicans killed 406,000 American clean energy jobs when they gutted the IRA.

ISSUE 04

MONEY IN POLITICS CHEAT SHEET

You have one vote. A billionaire has a billion dollars.

\$2.7B

Super PAC spending
in 2024 — record

\$2B

Dark money in 2024
election

21

Billionaire families
out-spent millions

0

Republicans who
voted for DISCLOSE

WHAT REPUBLICANS DID

Citizens United was decided by 5 Republican-appointed justices. Senate Republicans have blocked the DISCLOSE Act every single time since 2010.

STRONGEST LINE

"The DISCLOSE Act just requires groups spending \$10,000 on elections to say who they are. Republicans have blocked it every time. The only reason to hide is if the donors wouldn't survive the light."

HANDLING PUSHBACK**THEY SAY:**

"Democrats have dark money too."

YOU SAY:

True — but Democrats vote every time to require disclosure and reform the system. Republicans vote every time to protect it.

THEY SAY:

"Spending money on politics is free speech."

YOU SAY:

Disclosure isn't a ban. The Supreme Court said in Citizens United that disclosure requirements are constitutional.

ISSUE 05

ECONOMIC INEQUALITY CHEAT SHEET

Joe works harder every year and has less to show for it.

277x

Richest 0.1% tax cut
vs teachers in 2017

\$90K

Avg millionaire tax cut
2025 vs \$300 for
workers

\$0

Federal taxes paid by
Amazon in 2024

\$7.25

Min wage unchanged
since 2009

WHAT REPUBLICANS DID

The 2017 TCJA gave the richest 1% an avg \$50K cut vs \$645 for the bottom 80%. Zero Democratic votes. The 2025 megabill gives millionaires \$114B while cutting food assistance for millions.

STRONGEST LINE

"Every time Republicans write a tax law, the rich end up with more and Joe ends up with less. Then they use the deficit they created as the reason to cut your healthcare and food assistance."

HANDLING PUSHBACK

THEY SAY:

"Tax cuts grow the economy and create jobs."

YOU SAY:

Corporations used their 2017 windfall for stock buybacks — not raises. The nonpartisan CRS found no connection between top tax cuts and economic growth.

THEY SAY:

"Rich people earned their money."

YOU SAY:

A billionaire pays a lower tax rate on investment income than a nurse pays on salary. Amazon made \$2.3B in profit and paid zero federal taxes. That's a rigged system, not a success story.

ISSUE 06

VOTING RIGHTS CHEAT SHEET

If your vote didn't matter, they wouldn't work so hard to take it.

425+

Voter restriction bills
after 2020

26

Republican states
targeting voters of
color

21M

Americans without
qualifying photo ID

0

Republicans who
voted for Freedom to
Vote Act

WHAT REPUBLICANS DID

5 Republican-appointed justices gutted the Voting Rights Act in 2013. Republicans blocked the For the People Act, Freedom to Vote Act, and John Lewis Act — every time.

STRONGEST LINE

"A Republican state rep said on the record he wanted to end same-day registration because young voters are 'not on our side of the aisle.' That's not election integrity. That's telling you exactly what this is."

HANDLING PUSHBACK**THEY SAY:**

"Voter ID is just common sense."

YOU SAY:

21 million Americans don't have qualifying ID — disproportionately poor, Black, and elderly. Texas allowed gun permits but not university IDs. That's targeting, not security.

THEY SAY:

"We need these laws to prevent voter fraud."

YOU SAY:

The Heritage Foundation documented about 1,300 proven cases over several decades across billions of votes cast. This isn't about fraud. It's about reducing turnout.

ISSUE 07

RURAL AMERICA & FARMERS CHEAT SHEET

They didn't abandon rural America. They sold it.

160K

Farms lost 2017–2024

34%

Dairy farms lost since
2017

130+

Rural hospitals closed
since 2010

4

Companies control
85% of beef market

WHAT REPUBLICANS DID

Trump's trade war killed soybean exports to China. The 2025 Republican budget cuts \$70B from rural hospitals. Republicans gutted USDA enforcement protecting farmers from corporate price manipulation.

STRONGEST LINE

"The family farm isn't disappearing because of bad weather or lazy farmers. It's disappearing because Republican trade policy, corporate consolidation, and budget cuts made it impossible to survive."

HANDLING PUSHBACK

THEY SAY:

"Republicans support farmers. Democrats want to regulate everything."

YOU SAY:

Republican trade policy lost China as a soybean buyer. Republican budgets are closing rural hospitals. The regulation that got cut wasn't hurting farmers — it was protecting them from corporate price manipulation.

THEY SAY:

"Family farms are struggling because of globalization."

YOU SAY:

Four companies controlling 85% of the beef market isn't globalization — it's a monopoly problem caused by Republican deregulation. That can be fixed with policy.

ISSUE 08

IMMIGRATION CHEAT SHEET

They are people. And they make America stronger.

\$14.5T

Fiscal surplus from
immigrants 1994–2023

\$89.8B

Taxes paid by
undocumented
immigrants in 2023

\$8.9T

Projected GDP boost
from immigration
2024–2034

46%

Fortune 500
companies founded by
immigrants or their
children

WHAT REPUBLICANS DID

Republicans killed a bipartisan border security bill in 2024 on Trump's orders — because he wanted the issue, not the solution. Mass deportation would cost \$500B+ and reduce GDP by up to 7%.

STRONGEST LINE

"Undocumented immigrants pay billions into Social Security and Medicare — programs they will never collect from. They are subsidizing your retirement. The Cato Institute — one of the most conservative think tanks in America — confirmed this."

HANDLING PUSHBACK**THEY SAY:**

"They're here illegally. They broke the law."

YOU SAY:

In many cases there is no legal path available. The wait for legal status can be 20 years. Republicans have blocked every serious attempt to fix the immigration system — because a broken system is more useful to them politically.

THEY SAY:

"They take jobs from American workers."

YOU SAY:

Economists have studied this exhaustively. The answer is consistently no. Immigrants create jobs by spending money, starting businesses, and filling positions that allow other businesses to expand.

ISSUE 09

THE ECONOMY MYTH CHEAT SHEET

Republicans are better for the economy. Except they're not.

4.3%

Avg annual GDP growth under Democrats vs 2.5% GOP

2.5x

Faster job growth under Democratic presidents

10 of 11

Recessions since 1953 began under Republicans

10 for 10

Every party switch: economy up under Democrats, down under GOP

WHAT REPUBLICANS DID

Reagan tripled the debt. Bush caused the 2008 collapse after deregulating banks. Trump added more to the national debt than any president in history. The only balanced budgets in 50 years were under Clinton — who raised taxes on the wealthy.

STRONGEST LINE

"In 2004, Donald Trump himself said: 'It just seems that the economy does better under the Democrats than the Republicans.' He was right. The data has confirmed it every year since."

HANDLING PUSHBACK

THEY SAY:

"Democrats just spend money we don't have."

YOU SAY:

The only balanced budgets in 50 years were under Clinton — who raised taxes and was told it would destroy the economy. Reagan tripled the debt. Bush doubled it. Trump added more than any president in history.

THEY SAY:

"The economy was great under Trump before COVID."

YOU SAY:

GDP growth pre-pandemic under Trump averaged 2.5% — identical to Obama's second term. Obama inherited the 2008 collapse. Trump added \$7.8 trillion to the national debt.

CLOSING THE CONVERSATION

How to end strong

You don't need to convert anyone in one conversation. You need to plant a seed. The best close leaves them with something to think about — not something to argue with.

The simple ask

"I'm not asking you to become a Democrat. I'm asking you to stop voting Republican until they start actually solving the problems you care about. That's it. That's SVR."

The website close

"Go to SVR-United.com. Read the page on the issue you care about. Plain English — no jargon, no spin. Just the votes and the facts."

The merch close

"You've seen people wearing SVR. Now you know what it means. The shirt doesn't explain it — that's the point. Let people ask you."

The share close

"Share one of the SVR ads on your social. Pick the one about your issue. You don't have to say anything. Just share it. Let others wonder."

REMEMBER

— Stay calm. The facts are on your side. You don't need to get angry.

— Listen more than you talk. The best ambassadors ask questions.

— Meet people at their concern. Never lead with party politics.

— One conversation at a time. You're not fixing America today. You're moving one person.

— The goal is not agreement. The goal is doubt. Doubt is enough.

The logo consists of the letters "SVR" in a bold, white, sans-serif font, centered within a dark navy blue rectangular background.

Stop Voting Republican.

SVR-United.com
